

Sinclair
Broadcasting is
abusing its right to
use the public
airwaves yet again.
Its recent decision
to demand local
stations to preempt
normal programming
in order to air a
political hitpiece
targeting a U.S.
Presidential
candidate days
before the national
election is its most
outrageous abuse of
public airwaves to
date.

Sinclair's action
betrays the will of
at least half of the
American public that
Sinclair serves.

Please act to stop
this blatant abuse
by Sinclair to
manipulate the
outcome of an
American election.
